

Perioscope Workshop

It is a two day workshop held by Dr Nada Zazou, Lecturer Oral Medicine & Periodontology MSA University on a monthly basis mainly targeting interns, graduates, and staff members.; first day is theoretical suturing techniques and periodontal surgeries, second day is hands on sheep head.

Periodontal surgeries are becoming more and more vital in the everyday practice, and the general practitioner should have an idea about them.

Learning Outcomes:

- 1-Basic principles of Flaps
- 2-Suturing Techniques
- 3-Basic principles of periodontal surgeries
- 4-Hands on (Sheep head)

The poster is a vertical rectangular graphic with a red and grey color scheme. On the left, a black and white portrait of Dr. Nada Zazou, a woman wearing a white hijab, is shown. Below her name and title, the text 'PERIOSCOPE WORKSHOP' is written in large, bold, black letters. Underneath, it says 'Starting at 10:00 am Room E303'. To the right of the portrait, there are three logos: the MSA University logo (Modern Sciences and Arts), the MSA Faculty of Dentistry logo, and the MSA Faculty of Dentistry logo with a graduation cap. At the bottom left, there is a simple line drawing of a tooth. The dates '22.06 Saturday' and '25.06 Tuesday' are listed on the right side of the poster.
