ARTIFICIAL INTELLIGENCE AND SUSTAINABLE ENGINEERING
A PATH TO THE FUTURE
11-12 MARCH 2023

MSA UNIVERSITY
FACULTY OF ENGINEERING

FULL PAPER GUIDELINES

To submit a paper at the ICPCR-20 Conference, authors are required to follow the instructions described in this document. Please consider the following:

• Only Microsoft Word formatted manuscripts will be accepted

• Only on-line submitted manuscripts will be accepted

• The manuscript to be written in either Arabic or English language.

• The manuscript should be more than 3000 words with a maximum of 6000 words

• The manuscript must be written according to the conference format.

• All international publishing ethics should be addressed.

• The file name of the manuscript should be the paper code that was sent to you.

• Trade-names are not mentioned in the manuscript. Company or organization names may, however, be included under "Acknowledgement" only

• Footnotes are not used in the text of the manuscript

After submitting the full paper, the following steps will be applied:

1) The paper will be checked for plagiarism.

2) Once passed the plagiarism check, the paper will be allocated to two reviewers to carry out a blind review.

3) The reviewers will prepare a review report with all required technical as well as formatting comments.

4) Once received, the final decision and the comments (if existed) will be sent to author via email.

5) In case reviewers ask for modifications, author has to consider these comments and re-submit the paper.

6) The final acceptance of paper and invitation to make oral presentation in the conference will be sent to author via email.

Please submit your paper as early as possible.

Early submission facilitates the review process and saves enough time for you to do all required modifications and corrections.

Please cooperate with us to make the review process as smooth as possible.

In case you have inquiries, please do not hesitate to contact us via:
